

IMPORTANT SAFETY RECALL NOTICE 18E - 022

Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Husky Towing Products has decided that a defect, which relates to fifth wheel towing safety, may exist in the 16KW and 26KW fifth wheel hitch head assemblies manufactured between 2010 and 2017. These hitch heads are used in the final assembly of the Husky Towing Products fifth wheel hitches. Please see the list at the bottom of the page for the potentially affected units. It is extremely important to take steps now to repair your hitch to ensure the safety of you and your passengers.

WHY DOES MY HITCH NEED REPAIRS?

These part numbers may have been manufactured without Loctite on bolts used in the handle guide and the jaw. This condition could result in the bolts becoming loose. If this occurs you may not be able to unlock the jaws to separate your trailer from the hitch or, in the worst case, the jaws may open unexpectedly, inadvertently releasing the trailer from the hitch, increasing the risk of a crash.

HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

Husky Towing Products will repair your hitch free of charge (parts and labor). To do this, your dealer will remove the hitch head assembly and apply Loctite Red to the necessary bolts subject to this recall. The estimated repair time is 30 minutes. We recommend that you schedule a service appointment with your dealer to minimize your inconvenience. Alternatively, give us a call at 877-544-4449 and the Husky Warranty Department will help direct you to an authorized repair facility. Please bring this letter with you to your dealership.

WHAT IF I ALREADY PAID TO HAVE THIS REPAIR COMPLETED?

If you have already experienced this specific condition and have paid to have it repaired, please email techinfohuskytow@coastdist.com to submit your reimbursement request online. Please include a copy of the receipt, work order detail and name of dealership that completed the work. Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you have had previous repairs performed and/or already received reimbursement, you may still need to have the recall repair performed.

WHAT IF I NO LONGER OWN THE HITCH?

If you have sold your hitch, please email the name of the new owner to techinfohuskytow@coastdist.com so that we can contact the new owner.

WHO SHOULD I CONTACT IF I HAVE FURTHER QUESTIONS?

If you have any questions regarding this recall, please contact Husky Towing Products by email at techinfohuskytow@coastdist.com or call 877-544-4449.
